

TEEN SLANG GLOSSARY

Below are teens' slang terms that are popular references for drugs, alcohol and some of the behaviors associated with them. These terms were uncovered as part of a study by Caron Treatment Centers about teen online behavior conducted by Nielsen BuzzMetrics.

420

420 stands for April 20th or the time 4:20. Years ago 4:20 pm was deemed the time of day to get high and April 20th became "National Pot Smoking Day."

Bud

The dried and cured, unpollinated flowering portion of the marijuana plant. Bud contains the D9-trans-tetrahydrocannabinol, Cannabidiol, and Cannabinol.

Buzz(ed)

The pleasant feeling you get when you're drunk or high.

Candy flipping

A high that's achieved by combining LSD or acid with Methylenedioxyamphetamine (MDMA) or ecstasy.

Crank

Slang for low quality crystallized Methamphetamine. A stimulant with a high that lasts between 8 and 24 hours.

Crunk(ed)

To get high and drunk at the same time.

Dank

Sticky, hairy, and especially strong type of marijuana.

Dime bag

\$10 worth of any drug.

Druggie

A person who heavily abuses illegal drugs. They are associated with a negative, dirty image.

DXM

Dextromorphan Hydrobromide (DXM HBr). A drug contained in over-the-counter (OTC) cough suppressants. After 900mg, becomes a hallucinogen.

E

Slang for the drug ecstasy. Syn: X

Hash

The resin from the flowers of the marijuana plant.

Hooking up

To engage in romantic/sexual activity with little to no emotional attachment. Both parties are usually under the influence of alcohol or some other drug.

Hotboxed

Smoking marijuana in a confined space so that the area fills with smoke.

PCP

A horse tranquilizer. Has hallucinogenic properties and can make users violent. Syn: Angel dust

Pre-game

To drink before going to a party.

Roach clip

A metal holder used to hold a small joint to avoid burning your fingers.

Rollin'

Term used to describe an ecstasy high.
