About the Presenters

Shawn Cannon, DO, FA-COI is the Chief Academic Officer at Southampton Hospital. He started his medical studies at NYIT-College of Osteopathic Medicine in an accelerated program. He earned his BS and DO degrees in seven years. From there, he studied medicine at the University Hospital for the Albert Einstein College of Medicine, Montefiore Medical Center in the City of New York, where he served as chief resident in the Department of Social Internal Medicine. He is a board certified Osteopathic Internist with specialty boards in Hospice and Palliative Medicine. He is also an active member of the American Osteopathic Association of Addiction Medicine and the American Society of Addiction Medicine. He founded the Residency Program in Social Medicine at Southampton to ensure medical students and residents were being educated in the fields of medicine that are acutely affecting citizens of the United States. Pain Management, Addiction Medicine and Palliative Care are often given minimal attention in U.S. medical schools.

Dean Drones, MD is the Associate Medical Director and Director of the Chronic Pain Program at Caron Treatment Centers in Wernersville, PA. He is a diplomate of the American Board of Addiction Medicine, and is Board certified by the American Board of Otolaryngology/Head and Neck Surgery. He is a member of the American Society of Addiction Medicine, Pennsylvania Society of Addiction Medicine, and the Alpha Omega Alpha Honor Medical Society. He holds an appointment as Clinical Assistant Professor of Psychiatry, Penn State University College of Medicine. Dr. Drones came to Caron in 2010 after completing his Fellowship in Addiction Medicine at the University of Maryland. He has worked in the private practice sector, the managed care sector, and the pharmaceutical industry during his diverse medical career. Having many years of experience in head and neck surgery, infectious disease, and pain management, Dr. Drones applies a vast spectrum of knowledge and a wide range of clinical skills to treatment of those with substance use disorders. Dr. Drones’ practice focuses on the treatment of co-existing substance use and chronic pain disorders. He emphasizes the integrated use of treatment modalities that are compatible with life-long recovery from addiction.

Michael McCormick, DO received his undergraduate degree from St. Joseph’s University and then graduated from Philadelphia College of Osteopathic Medicine. He completed his general rotating internship at PCOM/City Avenue Hospital and then finished a five year General Surgery residency at Lankenau Hospital in Wynnewood, PA. Michael then joined Avalon Surgical, P.C. in Sheffield, AL before purchasing his own surgical practice, which he grew for the next seven years, during which time he was Chief of Surgery at Helen Keller Hospital. In 2013, Dr. McCormick opened and still runs Express Med of King of Prussia. Dr. McCormick was always drawn to Addiction Medicine and he started his fellowship in addiction medicine at Caron in August 2015 and became staff physician in September 2016. Michael is a recipient of the Next Generation Award for fellows in Addiction Medicine concentrating on adolescents, awarded by the Conrad N. Hilton Foundation and the American Board of Addiction Medicine Foundation. As part of his award, his concentration is on teaching SBIRT (Screening, Brief Intervention and Referral to Treatment) to physicians, psychologists, counselors, nurses and other service professionals. Dr. McCormick provides care to Caron’s Healthcare Professionals Unit, Relapse and Detox Units.

Dean G. Olsen, DO is currently the Program Director, Emergency Medicine Residency and Attending Physician in Emergency Medicine and Toxicology at Nassau University Medical Center in East Meadow, NY. He is also faculty at the New York City Poison Control Center in New York, NY and Assistant Professor of Toxicology and Pharmacology at the New York College of Osteopathic Medicine in Old Westbury, NY. He serves on the Editorial Board of the Annals of Emergency Medicine. Dr. Olsen completed medical school at the New York College of Osteopathic Medicine in 1999. He served his residency in St. Barnabas Hospital in Bronx, NY from 1999-2003. He completed his fellowship at Rocky Mountain Poison and Drug Center in Denver CO from 2003-2005.

Jeffrey Reynolds, PhD is the President and Chief Executive Officer of Family and Children’s Association (FCA), based in Mineola, NY. Dr. Reynolds currently serves on the Executive Committee of the Nassau County Heroin Prevention Task Force and is chair of Suffolk County’s Sober Home Oversight Board. He chaired Suffolk County’s Heroin/Opiate Epidemic Advisory Panel, which released sweeping recommendations in 2012 and serves on the Drug Enforcement Agency’s (DEA-LI) Prescription Drug Working Group. Dr. Reynolds has also served as Chair of Nassau County’s Youth Board and spent three years on Suffolk County’s Welfare-to-Work Commission. Dr. Reynolds is Vice Chair and remains the longest serving member of the NYS AIDS Advisory Council, first appointed by the NYS Senate Majority Leader in 1994 and reappointed three times since then. He serves on the Board of Directors of Families in Support of Treatment (FIST) and Strong Youth’s Advisory Board. Dr. Reynolds has served as a consultant and grant reviewer for the federal Substance Abuse and Mental Health Services Administration (SAMHSA) and is a frequent presenter at statewide and national health and human service conferences.
